Dear Parents and Guardians,

School Survey

Our School Survey has gone live and we encourage all families to complete the survey and to have their voice heard. The school survey provides you with an important opportunity to provide feedback about school performance, culture and services. Surveys are also being conducted with students and staff at the school and the findings will be used to inform the School's priorities and improvement plans. An iPad will be always available in the front office with access to the survey for families without computer access at home. The results will be shared with students and parents in Term 4 through the school newsletter and reported in our Annual Report. As the survey is confidential and anonymous, no results will identify any individual. You can access the survey using the QR code included in this newsletter.

National Science Week

This Friday all of Early Childhood including Preschool took part in our first Steamy Friday for the year. This coincided with National Science Week Australia's annual celebration of science and technology. Science Week is designed for everyone, it provides an opportunity to acknowledge the contributions of Australian scientists' to the world of Knowledge. It also aims to encourage an interest in science pursuits among the general public, and to encourage younger people to become fascinated by the world we live in.

Kind Regards

Carol Pulica

Principal Ludmilla Primary

Our School Survey has gone live and we encourage all families to complete the survey and to have their voice heard. Parent Survey: [2024 Parent Survey - Ludmilla Primary School](#)

Parent Survey

The Deadly Kids Vision Screening Program will be at Ludmilla week 6 and 7. Permission notes will be sent home Monday. Deadly Vision Centre initiative offering free vision screening for children in primary school. The Deadly Vision Centre has a team of highly trained Health Workers/ Practitioners who will attend your child's school to conduct vision screening. The vision screening will check for common eye conditions that may affect your child's ability to see and have an impact on their learning and development.

Gurrulwa guligi

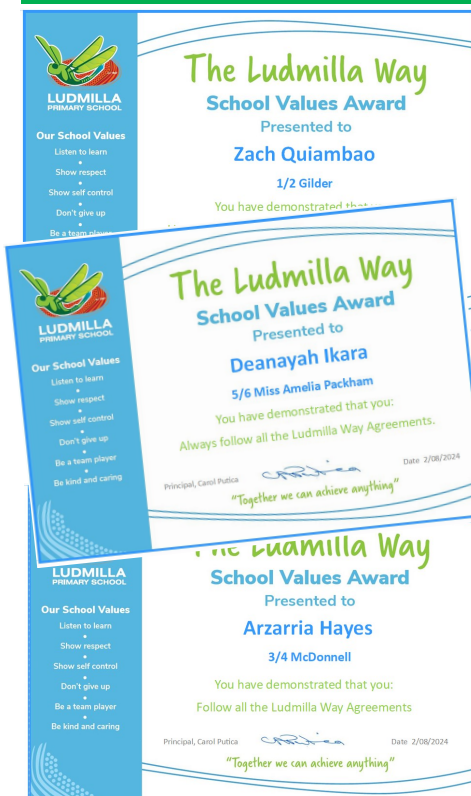

Is the 'Big Wind Time'. The water on the floodplains is drying up and the wind seems to come from all directions. The sea is churned up by the winds and tides. The north-west winds will blow by the end of this season. This time marks the last big dry season harvest for the year until the wet season arrives.

Assembly Awards

<p>T/1 Baker</p>	<p>Anna Flanagan: Well done Anna on always being engaged in learning. You follow the school agreements and you are doing great work in Literacy. Harrison McKennon: Welcome to our school Harrison you have already shown us you are Kind, caring, considerate, respectful and fun.</p>

The "Ludmilla Way" School Values Awards

Zone Athletics

The Ludmilla Olympians

Last Thursday, 1st August, 20 students participated in the City Zone Athletics Carnival at the Marrara Athletics Centre.. We couldn't be prouder of their efforts, displaying amazing teamwork, sportsmanship and courage. The were so many magic moments, with students winning ribbons but more importantly having fun and trying their best in every event they participated in.

Winners Are Grinners

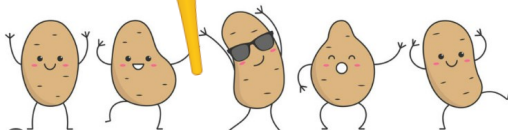

"Together we can achieve anything"

Steamy Fridays are happening again in Early Childhood

STEAM –Science, Technology Engineering Art and Maths

The Potato Olympics

1/2 Gilder and 1/2 King have caught the Olympics fever! Each student decorated a potato to participate in the Potato Olympics. Students represented four countries (the top four on the medal tally) United States, China, Australia and France. They competed in four events: Skiing, Weight Lifting, Running and Gymnastics. We loved the Potato Olympics and the learning experiences it created.
