December 6<sup>th</sup>

Year 6 Mystery Day  
and Graduation  
Dinner Monday  
December 9<sup>th</sup>

Religious Instruction  
Mon, Tues, Wed  
2nd-4<sup>th</sup> December

### Dear Families,

As we look towards the end of the year we are planning our [Preschool and Transition Information Evening](#) for students enrolling in Preschool or graduating to Transition in 2025. This information session will take place on Wednesday week 5, November 6<sup>th</sup> at 5pm. The information evening is a great opportunity to meet the team and find out about our programs and learning environments. If you are unable to attend the Preschool and Transition Information Evening and would like to enrol your child, please call into our front office to talk to one of our staff or call on 08 8983 7888.

On Friday 11<sup>th</sup> October the school had a special performance assembly to celebrate Corrugated Iron Youth Arts 40<sup>th</sup> Birthday. Our Preschool, Transition and Year 1 students put on a beautiful performance as did the Year 5/6 circus troupe. The assembly was followed by the sharing of a birthday cake and a come and try a circus skill for all families.

The school survey results are in and our schools' results for students, families and staff are very positive. 36 parents participated in the survey, 12 more than the previous year. These results will be shared on our school website. School council will also review all results and look at ways all results and feedback can be addressed. Additionally, staff and students will meet to explore all results and plan our next steps.

Friday is World Teachers Day and I would like to take this opportunity to acknowledge and praise the great teachers and educators here at Ludmilla Primary School. Daily in our classrooms I see teachers and educators inspire and empower their students. Thank you to all the teachers and educators that each day in their classrooms create a world of wonder and learning. We are also very proud that Danielle Ford our amazing Assistant Principal is a finalist for Emerging Leader of the year and Craig Viellaris is a finalist for Aboriginal Education Worker.

Kind Regards

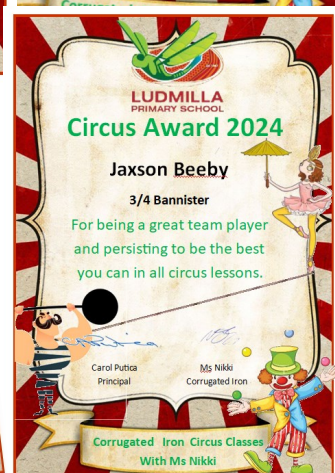

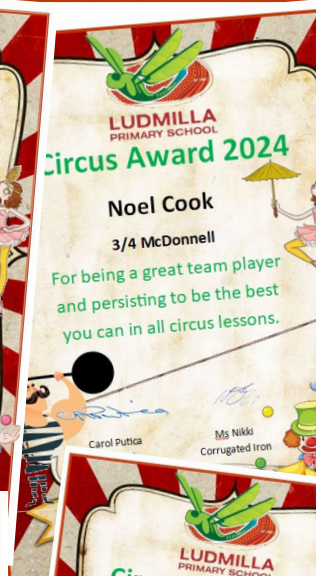

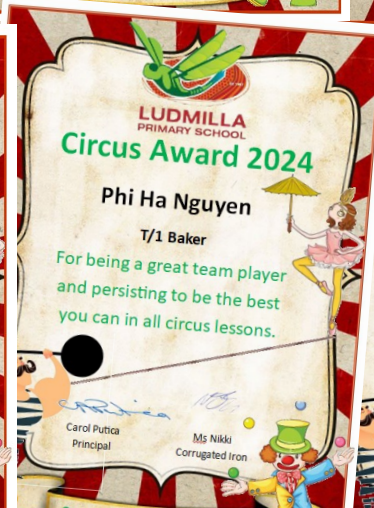

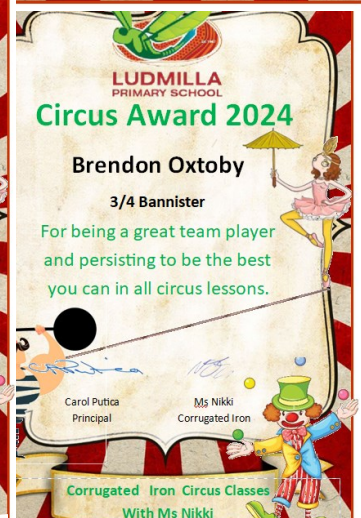

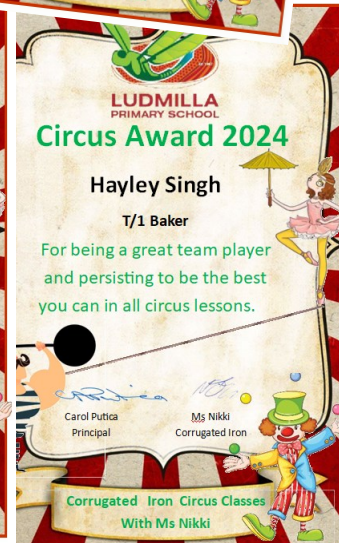

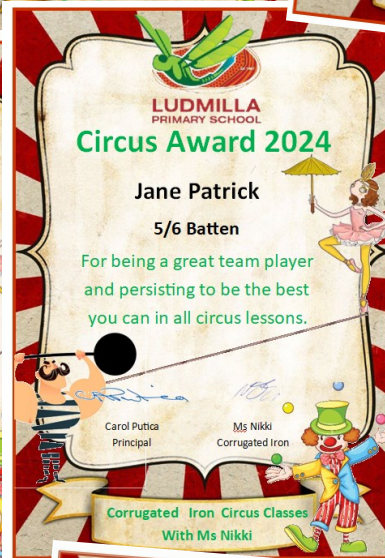

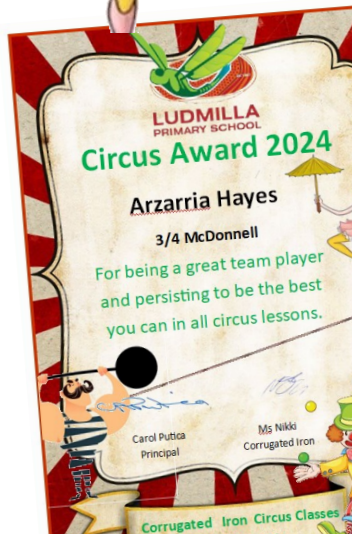

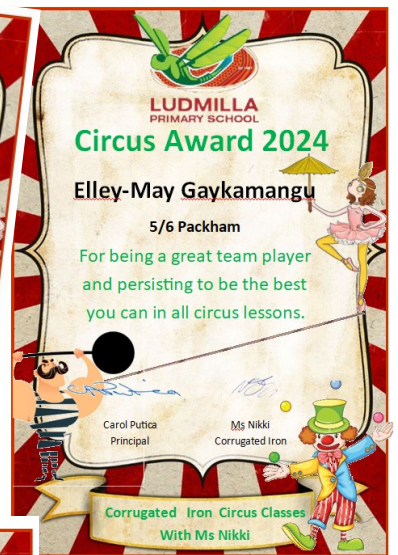

*Carol Putica*  
Principal

## Dalirrgang

Dalirrgang is the hot and very humid 'build-up' season. Box Jelly-fish are now seen and Dewarra - or thunder and lightning can be heard in the distance. King tides occur at this time and the wind blows mainly from the north-west. The ground is hot and the winds die down, leaving a tenseness in the air.

"Together we can achieve anything"

## Corrugated Irons 40th Birthday celebration and Circus Awards
